Family Medicine

Sutter Regional Medical Foundation and Solano Regional Medical Group are staffed by skilled physicians and other medical professionals who offer a wide range of patient services.

As a Sutter patient, you'll not only have access to routine medical care, but also some of the most advanced programs and services available anywhere, such as:

- Diabetes education / management
- All digital diagnostic imaging
 - X-rays
 - Digital mammography
 - CT
 - Breast MRI
 - Outpatient nuclear medicine
 - Ultrasound
- Laboratory
- Same day appointments
- Weekend after-hours care

You'll also be choosing a medical group that has time and time again been ranked as providing patient-focused care that's among the best available in the State of California. We've been the recipient of numerous awards and distinctions, such as an "exemplary" ranking from the California Association of Physician Groups; Four Stars from the California Office of the Patient Advocate; and the Top Overall Performance Award from the Integrated Healthcare Association.

Our Staff

Our Family Medicine Department is staffed by board certified physicians ready to care for your unique health care needs. Our clinicians care for patients from birth to the geriatric years, with medical issues ranging from simple to complex.

Our Family Medicine team addresses all your health care needs in serene and comfortable care centers conveniently located throughout Solano County. When necessary, patients are referred to specialists by their clinicians who have access to the entire Sutter Health network of specialists.

All of our sites are staffed by registered nurses who are available during business hours to discuss your medical needs, offer telephone advice and schedule same day or next day appointments for your immediate medical needs.

We also have a physician available on-call for after-hours emergent needs.

Appointments

To request an appointment, visit us online at srmf.org or call (707) 427-4900 to speak to one of our qualified Call Center representatives.
